

June, 2014

Dear Parent/Guardian:

Black Gold Regional Schools is excited to announce the expansion of our new school fee payment portal, Acorn Online Payments, to all Black Gold schools in the Town of Beaumont, starting August 29, 2014. Parents can now pay all school fees online using MasterCard, Visa, Visa Debit and Interac Online Debit.

In order to pay fees online, you will need to create a personal account in Power School. **Specific instructions on how to create an account have been included with your child's report card.** During the creation of the account you will need to enter the Access ID and Access Password listed below. These are confidential and unique to each child. Please keep the ID and password information confidential. Setting up an account should only take a few minutes. If you have an existing account for another child at another Black Gold school, you can simply add this child to your account under the Account Preferences tab.

Thank you.
